

# ECHOES OF WAR

## PUBLIC DISCUSSION SERIES

Join us in the *Echoes of War Public Discussion Series*. Over the course of four sessions, you will read, share, and discuss stories of war in literature, architecture, and theater while examining the public narratives and structures that memorialize military service in Minnesota.

*Echoes of War* asks Veterans and members of the general public to consider how Americans memorialize war and military service in public, and how that relates to the way war gets remembered through the personal stories and life experiences of Veterans.

Participants of all backgrounds and experience are welcomed to join the discussion series.
